

BALL VALVES		CHECK VALVES	
 <ul style="list-style-type: none"> Bronze, Stainless Steel, Low Temp Carbon, Carbon & Alloy Ball Valves. Threaded, Flanged, Socket Weld or Butt Weld Ends. 	 <ul style="list-style-type: none"> Specialty Check Valves, Non-slamming, Silent check, Engineered Applications, Multiple configurations and designs. 		
 <ul style="list-style-type: none"> Full Port, Multiport, and V-Port Ball Valves. Flanged, Threaded, Socket Weld, or Buttweld. Direct Mount ISO mounting pads for ease of Automation. Available in Stainless Steel and Carbon Steel as standard. 	BUTTERFLY VALVES  <ul style="list-style-type: none"> High Performance Butterfly Valves. 		
	 <ul style="list-style-type: none"> Triple Offset Zero Leakage, Metal Seated Butterfly Valves. 		
 <ul style="list-style-type: none"> Cryogenic & Corrosion Resistant and Extreme Service Ball Valves. Bronze, Stainless & Exotic Alloy Valves. 	 <ul style="list-style-type: none"> Resilient Seated Butterfly Valves & Actuators. 		
 <ul style="list-style-type: none"> Stainless Steel Ball Valves. 	KNIFEGATE/DIAPHRAGM VALVES  <ul style="list-style-type: none"> Knife-Gate Valves -Municipal, Chemical, Mining, Refining, Pulp & Paper, Power. Diaphragm Valves - Engineered for tough working environments in all markets. 		
	 <ul style="list-style-type: none"> Full Port, Multiport, and V-Port Ball Valves Flanged, Threaded, Socket Weld or Buttweld. Cryogenic Valves. Custom Manifold Valves. Compact, 4 Piston Pneumatic Actuator. Impact Spring Assist for Fail Safe Actuators. 	 <ul style="list-style-type: none"> Heavy duty Slide Gate & Sluice Gate Valves for water & wastewater, flood control & spillway flow control. 	
Automated Valve Packages available in electric, spring return and double acting automated valve packages. Full testing facilities.		TANK VENTS/FLAME ARRESTERS  <ul style="list-style-type: none"> Tank Vents & Flame Arresters. 	
 <ul style="list-style-type: none"> Full Line of CSA Approved Electric & Spring Return Electric Actuators. 	 <ul style="list-style-type: none"> Electric: EPI-2 and Biffi. Pneumatic: Keystone, Morin, and Biffi. 		
 <ul style="list-style-type: none"> Complete Line of Manual Gear Valve Operators. Manual Overrides, Partial Stroke Test Devices. 	 <ul style="list-style-type: none"> 4 piston pneumatic actuators. Double acting. Spring return. 		
 <ul style="list-style-type: none"> Pulsafeeder offers a wide array of pumps and control equipment to fit almost any application requirement. 	 <ul style="list-style-type: none"> Wet & Dry Polymer, Sodium Hypochlorite, Chemical Injection, pH Control. 		
 <ul style="list-style-type: none"> Hydraulically Actuated Diaphragm Metering Pumps. 	 <ul style="list-style-type: none"> Family of electronic solenoid driven metering pumps. 		
 <ul style="list-style-type: none"> Hydraulically Actuated Diaphragm Metering Pumps with Hydraulic diagnostics and Controller. 	 <ul style="list-style-type: none"> Non Metallic Industrial Gear Pump for medium to highly corrosive liquids. 		
 <ul style="list-style-type: none"> Progressive cavity pumps. 	 <ul style="list-style-type: none"> Features of the Pulsar with a mechanically actuated metering pump.

ACTUATION & ACCESSORIES

PUMPS & PUMP SKID PACKAGES

Mission Statement

Romatec's corporate mission is to provide the best possible solution for our customer's process needs in a timely, cost efficient manner. Quite simply, we stand behind the quality of our products and offer solutions based on our application knowledge.

INSTRUMENTATION PRODUCTS

- Pressure Gauges & Transmitters, Bimetallic Thermometers.

- Combustion Control Analyzers, Moisture, Humidity and Dewpoint monitors, Optical Gas Flowmeters, Hydrogen/Pure-Gas Analyzers, In-situ Oxygen Analyzers, Portable Emissions Monitors.

- Multi-species flue gas analyzers, pollution sensors, velocity monitors, road tunnel atmosphere sensors.

- Manufacture of liquid level gauges and their associated valves.

- Pre-Insulated, Electric Traced, Steam Traced Heated sample lines for CEM's and other gas analysis applications.

- Rupture Disks, Safety Heads & Explosion Vent Panels, Graphite Disks, Buckling Pins, Wireless Systems, Sensors and Monitors.

- pH & ORP Analyzers, pH & ORP Sensors, Conductivity Analyzers, PPM Dissolved Oxygen Sensors, Water Analysis, Chlorine Systems.

- Stack Mounted Opacity & Particulate Monitors.

- Gas Sampling and Conditioning Equipment, Vortex and Thermoelectric Gas Chillers, Heated Stack Probes, Portable Sample Systems, Multiplexers.
